

WHAT CAN YOU DO FOR MACEDONIA?

TO DEFEND THE LANGUAGE AND IDENTITY IN THE EU

1. WRITE A LETTER

- To MEPs who voted “for” the erasure: demand an explanation.
- To those who voted “against”: thank them. That’s how alliances are built.
- Letters don’t need to be long. Just sincere. Every message matters.

2. MAKE, SIGN AND SHARE A PETITION

- Create an online petition demanding the reinstatement of references to the Macedonian language. Sign it.
- Share it on social media. Call on friends, relatives, and the diaspora.

3. JOIN THE CAMPAIGN #MACEDONIANLANGUAGE MATTERS

- Post a video or message where you speak or read in Macedonian. Short. Personal.
- Use hashtags: #MacedonianLanguageMatters, #EUpretends, #SpeakUpForMacedonian.

4. CONTACT MEDIA

- Write to editors: local and European. Demand coverage and reporting on the issue.
- Send letters to portals, radio stations, and TV channels.

5. ORGANIZE AN EVENT

- A small poetry event, exhibition, or reading – in a school, library, or park.
- The theme is clear: the existence of the Macedonian language as a cultural value.
- Don’t wait for institutions to act. You are the initiative.

6. CONTRIBUTE WITH KNOWLEDGE, CREATIVITY, NETWORKS

- If you’re a designer, create a visual message. If you’re a programmer, build a website.
- If you have followers, use your platform.
- If you have a relative in the diaspora, involve them.
